## 8. Miscellaneous

(a) Staff Report -<u>Leedom</u> - reported the study on Compensation Salary for CCCERA's unrepresented employees will be presented at the November 5, 2008 meeting, and the Actuarial Audit is close to completion. Staff has also finalized the contract with WorkCare for disability review.

She then discussed a note she received from a retired member regarding CCCERA's newsletter "Viewpoint" thanking all those involved in the production for comforting, positive information along with the graphs, charts and "the font size that was easy for old eyes to read". Leedom reported information is also on CCCERA's website regarding the diversification of the funds of the Association.

<u>Hally</u> -noted he has been busy reviewing securities lending and researching what securities are out on loan. He is checking to make sure *CCCERA* is not incurring losses with securities lending. This has impacted Progress, since it is a co-mingled vehicle with funds at Northern Trust.

Hally discussed the transition of Western Asset Management, noting because market conditions changed considerably, the transition was started this morning. Normally transitions take 2-3 days; this transition could take several weeks because of the illiquidity in the market.

Board members requested a presentation from Milliman regarding how CCCERA is faring in this economy, along with Helliesen's observations. This meeting was targeted for October 29, 2008. Hally noted CCCERA's fund is down approximately \$300 million since Oct 1, 2008 and since September  $1^{\rm st}$  down a little bit more than 500 million, approximately -10-12 %.

<u>Levy</u> noted she attended the CALAPRS Attorney's Roundtable. She reviewed the presentation and discussions on the IRS Letter of Determination during the roundtable, noting the possible steps that will need to be addressed. She commented she is continuing to prepare for the filing and is in the process of collecting plan documents.

- (b) Outside Professionals' Report None
- (c) Trustees' Comments <u>Cabral</u> reported he returned from Council of Institutional Investors (CII) last evening and has not been able to write a report as yet. He noted the speakers were interesting. A topic of interest at the conference was the discussion regarding the Actuarial Society's advocating disclosure of market value of liabilities for public pension plans. Leedom noted she would provide further information of Market Value of Liability for public pension plans, via either hard copy or email to all Board members.

Cabral noted in January 2009, CII trustees from other public funds are inviting Northern California trustees to gather together to discuss the current economic crisis.

Remick also reported on his attendance at the CII Conference.

Holcombe discussed his recent on-site visit in New York with Morgan Stanley. He noted Morgan Stanley was gracious and he suspects there will be more questions for Morgan Stanley in the future as documents are reviewed for the new fund. The closing for the fund will be, at the earliest, the end of November and probably not until the end of the year. There was discussion on the turmoil with Morgan Stanley and waiting for more clarity before finalizing this investment. Hally noted the consensus of those performing the on site visit was to continue to review the documents and obtain more clarity on the Morgan Stanly situation.

It was **M/S/C** to adjourn. (Yes: Buck, Cabral, Gaynor, Gioia, Hast, Katz, Telles, and Viramontes)

Brian Hast, Chairman

Jerry Telles, Secretary
