Leedom reported receiving the SACRS packet for review of the bylaws and noted that any issues requiring a vote will be added to the May 5, 2010 Board meeting. The Board also requested the status of the letter to SACRS regarding recent comments made by Robert Palmer, interim director.

It was *M/S/C* to vote yes at the SACRS Spring Conference for the recommended slate of candidates for the SACRS Board of Director Elections. (Yes: Cabral, Gaynor, Holcombe, Pollacek, Telles, and Viramontes)

9. Electronic Minutes Recording

Leedom reviewed her memo regarding the recommendation and options for recording of meeting minutes, including the methods used by other '37 Act systems.

Board discussion followed concerning the possibility that CCCERA could be subject to misinterpretation as audio only recording will miss all nonverbal communications; this may change how Board members discuss issues.

Some Board members felt the meetings should be recorded with recordings kept permanently archived, accessible and part of the public record. Specific incidents were noted where having a recording would have helped clarify past issues. Some Board members felt that transparency is essential; recording the meetings allows the Board, as well as the public, to remain well informed.

Discussion followed, noting the meeting is already transparent because the Board holds open public meetings. If, from an individual board member's standpoint, something specific is not included in the minutes, it is up to the Board member to ensure the minutes are revised accordingly prior to approval.

It was *M/S* to audio record the Board meetings and retain the recordings for one year. (Yes: Cabral and Telles; No: Gaynor, Holcombe, Pollacek, and Viramontes) Motion failed.

10. Placement Agent Disclosure Policy

Levy reviewed the Placement Agent Disclosure Policy and the definition of a placement agent. Discussion followed regarding whether the disclosure should include, in addition to third party placement agents, investment managers' internal employees. Counsel indicated the Policy uses the definition of "Placement Agent" adopted by the legislature in Government Code section 7513.8. Discussion followed regarding whether section 1 of the Disclosure Statement *Re: Use of Placement Agents* should be changed to: 1. Neither we nor any of our principals, employees, agents, or affiliates have compensated or agreed to compensate, directly or indirectly, any person or entity to act as a Placement Agent (as defined in the Policy) in connection with any investment by CCCERA, except as disclosed on Attachment 1 to this Disclosure Statement.

It was *M/S/C* to carry this topic over to next main meeting.

Telles mentioned a *Pensions and Investments* article about Steve Brennan, who was recently hired as service manager with Intech. He gave a brief update on retiree health care issues in Orange County and Sonoma County.

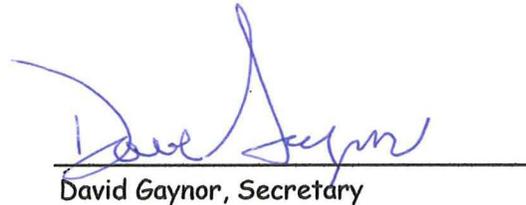

Cabral expressed concerns with the depooling process and noted that if data is not available for CCCERA to depool by employer then CCCERA should review the issue. Board discussion followed on depooling and Naramore noted that CCCERA Board made a decision before all the information was available.

Cabral also wanted staff to have notice of possible layoffs. The County Board of Supervisors will adopt a county budget soon with some departments experiencing layoffs. CCCERA may want to set aside some time and resources if layoffs occur.
