contributions, benefit payments and management fees. She noted they also review reports from investment managers.

Flores reported Brown Armstrong gave CCCERA an unqualified "clean" opinion, which is the highest form of opinion, on the financial statements and stated the organization is to be congratulated. She also reported there were no material weaknesses and no issues with internal controls.

In response to the Board's question regarding the adjustment made to the books on page 3, Flores reported the unadjusted audit difference was due to a timing issue of real estate investments.

The Board discussed the Current Year Agreed Upon Conditions and Recommendations noting the Agreed Upon Condition 1 - Incorrect Entry Age, has appeared 3 years in a row. Leedom reported a manual system has been in place and figures were entered by staff. She stated the new CPAS system includes an electronic file from the employer which will help alleviate errors.

Flores reviewed the Management's Summary on pages 20 and 21 of the Comprehensive Annual Financial Report (CAFR) noting the CAFR is a management report and is not opined by the auditors. She pointed out the schedule on page 52 is the actuarial gain/loss for the past 3 years.
